

Asylum Seeker Resource Centre Presents...

"JOURNEY OF ASYLUM"

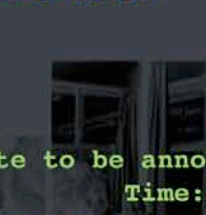

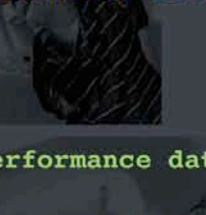

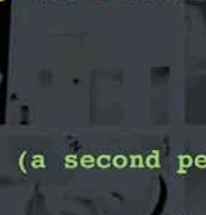

"Journey of Asylum" is a theatrical trailer by the Asylum Seeker Resource Centre (ASRC), into the ideas, experiences and questions of Asylum Seekers living in our community - our aim being to further develop these ideas into a major production for March 2010.

Through a series of short scenes, Asylum seekers will share their struggles, uncertainties and realizations as people "waiting" in the immigration process. This will be a collective snapshot into some of reasons people flee to Australia, and once they are here, what happens? Experiences of fear, sleeplessness and isolation, mix with dignity, resilience and humour, in the hope for a "normal life".

This presentation is a work in progress and the ASRC invites you, the audience, to dialogue, debate and offer your feedback.
